Introduction to NALHN Obstetrics & Gynaecology for PGY2+

These positions are suitable for candidates preparing to apply for the Royal Australasian and New Zealand College of Obstetricians and Gynaecologists (RANZCOG) Integrated Training Program, or a career in General Practice.

Successful RMOs will work in both Obstetrics and Gynaecology, with time rostered in Antenatal and Gynaecology clinics, Labour Ward, Women’s Health ward, Theatre and the Women’s Assessment Unit. There is also the opportunity to work in the Family Advisory Clinic if interested.

Applicants who wish to apply to participate in the Diploma of Obstetrics and Gynaecology (DRANZCOG) are asked to detail this in their application. The number of DRANZCOG participants is capped at the WCHN and NALHN to ensure quality of the training opportunity, and therefore the determination of successful DRANZCOG participants will be made following the selection process, in accordance with overall performance through the selection process, and will be advised following successful appointment to the position.

In 2017, 7 positions were available.

Am I eligible to apply?

> Completed a medical degree
> Have a general medical registration with the Medical Board of Australia
> Have completed one intern year
> Be available for a 12-month full-time contract commencing on the February start date
Selection Process

Recruitment into NALHN Obstetrics & Gynaecology for the 2018 clinical year occurs via a state-wide approach. If your application is shortlisted you will be invited to attend an interview. Interviews will be face to face, and in some circumstances via teleconference. Following interviews your application will be scored/ranked and depending on your score, SA Health may match you to an available position.

Note, despite the joint selection process there are 2 separate positions to apply for – either 12 months working at WCHN in O&G or 12 months working at NAHLN in O&G. You will be required to indicate your preference for either one or both of these positions through your application.

Entry into the program is NALHN Obstetrics & Gynaecology competitive and we look for trainees who can demonstrate a desire to train at SA Health, have a good academic and clinical history, and are effective team players and communicators.

At a minimum the selection process will involve assessing your:
- Curriculum Vitae,
- Cover letter,
- Referee reports,
- Appropriate completion and submission of required documentation and
- An interview.

In your Curriculum Vitae you are required to carefully document any professional development you have undertaken including academic and clinical achievements, quality improvements and research.

Make sure the three referee reports are completed by your nominated referees in the required timeframe.

You have been asked to provide a cover letter in your application. Your cover letter should address some or all of the following points:
- Employment interests and goals i.e. RANZCOG training program, GP training, rural training
- Past Obstetrics & Gynaecology experience
- Achievements relevant to the position including any professional development
- How this position suits your training needs

‘In 250 words or less describe a time when you believed you needed to escalate the care of a patient but found it difficult to do so’. Please describe your role, the situation and the outcome of this experience.
Key Dates

> Monday 22\textsuperscript{nd} May – Applications open
