Introduction

These 12 month positions are suitable for candidates preparing to apply for the Royal Australasian and New Zealand College of Obstetricians and Gynaecologists (RANZCOG) Integrated Training Program, or a career in General Practice.

Each term there is one Gynaecology rotation and one Family Advisory Clinic rotation available to RMOs. There will be an opportunity for you to preference these rotations if they are of particular interest to you.

Applicants who wish to apply to participate in the Diploma of Obstetrics and Gynaecology (DRANZCOG) are asked to detail this in their application. The number of DRANZCOG participants is capped at the WCH to ensure the quality of the training opportunity. Therefore the determination of successful DRANZCOG participants will be made following the recruitment process, in accordance with overall performance through the selection process, and will be advised following successful appointment to the position.

In 2017, 7 positions were available with the WCHN.

Am I eligible to apply?

- Completed a medical degree
- Have general medical registration with the Medical Board of Australia
- Have completed one intern year
- Be available for a 12-month full-time contract commencing on the February start date.
Selection Process

Selection into a 12 month Obstetrics and Gynaecology position with either WCHN or Northern Adelaide Local Health Network (NALHN) for the 2018 training year will be through a joint selection process conducted by representatives from both Health Networks.

Note, despite the joint selection process there are 2 separate positions to apply for – either 12 months working at WCHN in O&G or 12 months working at NALHN in O&G. You will be required to indicate your preference for either one or both of these positions through your application.

Interviews will be face to face, and in extenuating circumstances via teleconference (phone). Following interview your application will be scored/ranked and depending on your score, SA Health may match you to an available position.

Entry into either program is competitive and we are looking for trainees who can demonstrate a desire to train at SA Health, have a good academic and clinical history, and are effective team players and communicators.

At a minimum the selection process will involve assessing your:

- Cover Letter which should include at a minimum;
  - Past O&G experience
  - Why you have applied for the position and how it fits with your career plan
  - Detail any O&G specific Professional Development undertaken
  - If successful in gaining a position, do you wish to participate in the Certificate of Women’s Health, Diploma or Advanced Diploma of RANZCOG?

- Curriculum Vitae,
- Referee reports,
- Answer to 1 short answer question,
- Appropriate completion and submission of required documentation and
- An interview.

You have been asked to answer the following question:

'In 250 words or less describe a time when you believed you needed to escalate the care of a patient but found it difficult to do so'. Please describe your role, the situation and the outcome of this experience.
