## About Mount Gambier DRANZCOG (part-time)

### Introduction

We invite you to become part of a collegiate, committed, multidiscipline maternity-care team usually consisting of four GP obstetricians, three O&G specialists, an O&G registrar and a wonderful group of experienced and newly qualified midwives. The full-year half-time nature of this role may enable the requisite exposure to obstetrics and gynaecological cases in the rural setting to meet the requirements of Diploma of Rural Australian and New Zealand College of Obstetrics and Gynaecology (DRANZCOG) when combined with working part-time in a general practice which provides comprehensive antenatal care. Usually, however, further time in the role is required to complete the requirements.

This rotation is best undertaken in combination with a half-time General Practice training year through GPEX or an independent pathway with either GP College. Preference is given to applicants committed to rural GP obstetrics. The part-time DRANZCOG position is available to Postgraduate Year 3 and above (PGY3+).

We expect the successful candidate to enrol in the DRANZCOG in preparation for commencing the position and seek to provide tailored support for your training.

### **What you can expect from LCLHN**

#### **Provide a short overview of the role, what should employees expect?**

The Maternity service has over 500 births per year. During this term you will gain clinical and procedural experience in the areas of management of pregnant women and gynaecology under the supervision of local GP obstetricians and their specialist colleagues. This is achieved through rostered time in the maternity ward including some after-hours.

Attendance in theatre, outpatient antenatal and gynaecology clinics is also provided.

### **Will I be based at Mount Gambier all year? Will I be expected to travel to other country locations?**

You will be based in Mount Gambier for the full year.

### **What are the key outcomes of the program?**

The aim of this program is to provide trainees with sufficient clinical experience and supervision support to meet the logbook and work- based assessments of the DRANZCOG. Candidates will also be supported to meet the external course requirements and assessments to achieve their DRANZCOG and set them up to be confident working at the level of a GP obstetrician without independent caesarean section capability. Further training will be required to meet DRANZCOG (Adv) requirements.

### **What are the hours of work and overtime?**

This position requires a commitment of 38 hours per fortnight. Some out-of-hours work is required within the 38 hours in order to provide continuity of intrapartum care and meet logbook requirements. Normally the 38 hours are spread over the fortnight and over 2 or 3 days in each week.

### **What education is provided?**

The unit has a strong learning focus with frequent ad-hoc tutorials as well as more formal training including:

- > Multidisciplinary PROMPT simulation training.
- > Perinatal review and education meetings.
- > Regular logbook and learning needs review.

### **Indicate how the supervision will be provided, will this vary from rotation to rotation?**

Each day there is a nominated GP Obstetrician who will provide direct clinical supervision. Overall supervision is provided by the Director of the Obstetrics and Gynaecology Department.

### **What other support is provided?**

The Medical Education Unit have an open-door policy where trainees are welcome to discuss any issues or concerns.

### **Will the TMO supervise interns/others in their role?**

No.

### **What pathways are there after the year is completed?**

Trainees are encouraged to view this position as a step in their pathway to providing rural generalist services to a community in rural South Australia. This position can articulate with:

- > Other local training positions including AST in Emergency Medicine or General Practice.
- > DRANZCOG (Adv) positions in South Australia such as in Murray Bridge.

## Rotations at LCLHN

This position is based in the Maternity Ward at Mount Gambier Hospital for the full calendar year. It is not expected that other rotations will be allocated during this period.

## Selection into Mount Gambier DRANZCOG

### About the selection panel

The selection panel for this position usually includes an RANZCOG accredited GP obstetric supervisor, a member of the specialist team in the unit and a member of staff from the TMO unit from the Mount Gambier campus of Flinders University Rural Health South Australia. A member of the relevant training provider may also be present.

### Eligibility

Both Australian trained candidates currently in PGY3+ and International Medical Graduates who have general registration and who will have at least 3 years clinical experience upon commencement are eligible to apply for this role. Candidates must have Australian Working Rights to be eligible to apply. Candidates must be available to work commencing on 6 February 2023.

### Skills and knowledge required for the role

Prerequisite obstetrics and gynaecology knowledge at final year medical student level is assumed.

## Selection Process

### Our approach to selection

At a minimum the selection process will involve assessing your:

- > Curriculum Vitae.
- > Answers to Expression of Interest short answer questions.
- > Referee reports.
- > Appropriate completion and submission of required documentation.
- > An interview.

All Expressions of Interest will be scored/ranked for shortlisting. Eligible applicants will be shortlisted for interview. Shortlisted applicants will be invited to a face-to-face or video conference interview.

SA Health will match the highest ranked candidate to this position.

### Your Expression of Interest

Your Expression of Interest must include:

- > An Expression of Interest addressing the selection criteria (see below).
